Curtainside Trailer

The curtainside trailer combines the benefits of a flatbed with the covering and containment advantages of an enclosed trailer. At ADAA TENTS, SHEDS & TARPULINS TRADING CO. L.L.C., we specialize in providing high-quality Curtain side for your trailer. Our side Curtain are made of durable PVC 900GSM Heavy Duty PVC Tarpaulin side curtains, retractable from either the front or rear of the trailer.

We ensure top quality by meticulously selecting each piece to meet the highest standards. Additionally, our side Curtain are reinforced with welded straps, boasting a tensile strength of up to 2 tons, ensuring optimal closure results and weatherproof protection. Moreover, they offer durability, flexibility, and are customizable with printing capabilities.
